

DECLARATION ON THE ORGANIC STATUS OF SALT

According to EU-regulation 848/2018 organic production and labelling of organic products, water and salt are excluded to determine whether a product can be certified organic or not.
Cfr part IV: Processed food production rules: 2.1 a)

2. Detailed requirements for the production of processed food
- 2.1. The following conditions shall apply to the composition of processed organic food:
 - (a) the product shall be produced mainly from agricultural ingredients or products intended for use as food listed in Annex I; for the purpose of determining whether a product has been produced mainly from those products, added water and salt shall not be taken into account;

This document certifies that the salt products without additives provided by ZOUTMAN are excluded in determining whether or not a product may be certified as organic.
